Please join us as we celebrate the launch of this new partnership with a ribbon cutting and open house.

Memphis CHiLD is the first medical-legal partnership of its kind in the region. A collaborative effort among The University of Memphis Cecil C. Humphreys School of Law, Memphis Area Legal Services (MALS) and Le Bonheur Children's Hospital, Memphis CHiLD focuses on identifying the legal and social issues that impact patient health and providing means to address these issues through direct legal services, education and systemic advocacy for patients.
